DECLINES PROTECTION OF ROUGH RIDERS

Marches at Head of His Party Through the Crowd of Riotous Bachelors and Reaches His Train in Safety.

VICTOR, Colo., Sept. 26.—(Special Telegram)—An outrageous assault on Governor Theodore Roosevelt by a band of Bryan hoodlums, who were in the New Yorker was about to take the train for Cripple Creek. As a result the governor was bruised a trifle, but not seriously injured, despite the fact that rocks were thrown in profusion. Throughout the entire trying proceeding the republican nominee retained his equanimity and refused to be surrounded by a devoted band of former members of his rough riding regiment of San Juan hill fame. The Roosevelt train arrived at Victor about 2 o'clock and was met by a large crowd which indulged in cheers and hisses for the visitor. No trouble was encountered on the march to the hall, where the governor delivered his speech but that there was considerable rowing, and the republican candidate. A party of small boys and young toughs, hired for the purpose, commenced a fusillade of rocks and stale eggs, which started a general melee. Partisans of both McKinley and Bryan seemingly had anticipated such an occurrence.

Furles in the Van.

Two drunken prostitutes appeared, shrilly screaming, bearing a Bryan banner with which they swayed unsteadily through the crowd toward the Roosevelt party, which consisted of Senator Wolcott, A. M. Stevenson, General Irving Hale and other prominent men. Their journey was brief, for the banner was wrenched from their hands by Joe Quinn, a disreputable bill poster of Victor, who tore it to pieces and with the pole in hand broke through the mounted escort in khaki uniforms and struck Roosevelt a violent blow in the breast. Before he could disentangle himself from the melee which immediately followed, Postmaster Dan Sullivan and Cripple Creek knocked him down. The rough rider escort was somewhat broken by the attack which then commenced, but again closed around the governor's party and attempted to plow their way through the mob, but Colonel Roosevelt was thrust aside by the New Yorker despite his attempts to prevent.

NEW SLAVERY IN GEORGIA

Innocent Negroes Said to Have Been Illegally Confined in Convict Camps.

ATLANTA, Ga., Sept. 26.—Charges have been filed with the prison commission of Georgia by Solicitor N. E. Edmondson of Brooks county against the McKee convict camp managers in Lowndes county, this state, in the form of affidavits from the men to the effect that McKee brothers have kidnaped men and women and made them work under armed guard for an indefinite period. It is charged that one practice of the McKee company has been to employ "trappers" to seize innocent negroes passing through the country and send them to the form of trial imprisonment, then to put them to work. Several white citizens of the vicinity allege that the affidavits of the negroes are accurate as to statements made in them. Since habeas corpus writs have been sworn out in behalf of the negroes, it is said that the McKee brothers have fled from the state. The following statement is made by the following statement: I agree to notify every man and woman on the farms of the McKee brothers, who is a free man to go as he pleases and to pay the cost of the way out of the state, suits now pending in the court of Valdez, this September 8, 1900. N. E. EDMONDSON.

STATE MAY HELP GALVESTON

Loan May Be Made with Which to Clear and Keep Clean City Streets.

GALVESTON, Tex., Sept. 26.—Nearly 3,000 men were engaged clearing the streets, removing debris and disposing of dead bodies today. Twenty-five bodies were recovered today and thirty-five yesterday. Governor Sayers left here this afternoon for Austin, where he will consult with the attorney general relative to a proposition from the city government for a fund with which to operate the municipal government from now until the end of the fiscal year, February 28. About \$100,000 will be required. Governor Sayers discouraged the idea of using the relief fund for this purpose.

Roosevelt and Party Get an Idea of the Wide Variety in Colorado Hospitality.

DENVER, Colo., Sept. 26.—On leaving Colorado Springs the special Roosevelt train was split in two sections, the first stop thereafter being at Colorado City. The entire population appeared to see the New York governor and shake his hand. Manitou was the next stop. A large crowd was assembled here to listen to the five-minute talk of the campaigners. There were many women with flags and flowers, which were cheerily waved to the travelers. The train then moved on to Divide, where there was a pause; a call was also made at Gillette and Independence. At Victor, a few miles from Cripple Creek, among the mines, a most unique and demonstrative crowd assembled. In this place four years ago twenty-seven McKinley votes were cast. At present a McKinley and Roosevelt club has been formed numbering 500 members, with the numbers increasing. Governor Roosevelt spoke at the Armory hall, which was filled. There were many republicans in the audience, but there were also apparently many democrats, who made themselves manifest by demonstrations. Governor Roosevelt said: In my state the men who were put on the committee on platform to draw up an anti-trust platform at the Kansas city convention had at that time his pockets stuffed with ice trust stock. The democratic leader in New York, Richard Croker, upon whom you base your only hope, and I am a mighty slim hope, too, was another great stockholder and in fact you were to read through the list of stockholders interesting Governor Roosevelt, spoke at the roll of the members of Tammany Hall.

VOICE PROMPTLY ANSWERED.

A voice cried out: "What about the rotten beef?" The governor replied: "I ate it."

Canadian Troops About to Depart from South Africa Are Addressed by Field Marshal.

PRETORIA, Sept. 26.—Field Marshal Lord Roberts, in the presence of Lord Roberts and his daughter, reviewed the Canadian troops on the eve of their departure. It was a brilliant scene, the most that we have seen in excellent health, making a splendid appearance. After the march passed Lord Roberts addressed them briefly. He said: I cannot allow you to depart without expressing my thanks for the part you have played in the war. You have shown a bravery and a gallantry which will be remembered by all who saw you. I am sure that you will return home with the honor of your country and the respect of your fellow-citizens. I am sure that you will be proud to have served under my command. I am sure that you will be proud to have served under my command.

U. S. TROOPS TO GO TO TIEN TSI

In Official Circles in Washington It is Said that There is No Ground for Expecting Any Change in Military Plans.

WASHINGTON, Sept. 26.—It is stated in diplomatic circles that definite and official information has been received that Prince Tuan has been appointed president of the privy council of China, instead of grand secretary, as was first reported, and that a number of other Chinese officials prominent in the recent uprising have been similarly honored. The Chinese minister has not been advised of Prince Tuan's appointment, but he expressed the belief after calling at the State department today that the report probably was true. The position of grand secretary of the privy council is said to be one of the foremost importance, similar to that of secretary of state or premier.

SAY THEY WERE ABUSED

Two Alleged American Citizens Claim They Were Imprisoned by British in Transvaal.

NEW YORK, Sept. 26.—William Phelps and John Anderson, claiming California as their home, arrived today on the steamship Spangard from Rotterdam. Phelps says he was arrested in the Transvaal in 1897 for reasons which he left in 1897 for Johannesburg and engaged as a miner. When the war broke out in South Africa they took the neutrality oath. In July this year they were arrested in Johannesburg by British soldiers and sent to the barracks where they claim they were abused. They were kept as prisoners forty-eight hours and sent away on a cattle train. They were finally landed at Flushing, Holland. The American consul there, who is a British subject, and the British consul sent them to Rotterdam, whence they came here. Phelps says he was born in England, and Anderson claims to be a native of Sweden, but both assert they are naturalized citizens of this country.

GROWTH OF AMERICAN CITIES

Census Shows Unparalleled Increase in Last Decade was Practically the Same as from 1880 to 1890.

WASHINGTON, Sept. 26.—Statistics have been compiled at the census bureau based on the population of large cities which have been announced up to the present time which demonstrates that the 155 largest cities in the United States numerically increased in population from 1890 to 1900 by 35,000,000, or 35 per cent, as they did between 1880 and 1890. The 155 cities increased their population 4,296,357 from 1880 to 1890 and 4,827,953 from 1890 to 1900, or just 13.5 per cent of the latter than in the former period. Of course, when the aggregate percentage increase of population of these 155 cities during these two periods are compared they show that the percentage of increase was considerably lower in the last ten years because the increase is compared with a larger population in 1900 than it was in 1890.

POSITION OF THE ROWERS

Austria and Italy Only Governments that Reply Favorably and Unconditionally to Germany.

PARIS, Sept. 26.—It is asserted from excellent diplomatic sources that Austria and Italy are the only powers which have replied favorably and unconditionally to Germany's note. It is certainly a fact that the replies of Russia and France are almost identical, involving the punishment of the originators of the anti-freedom assaults, but not making any reference to an absolute condition of the peace preliminaries. Japan takes a middle course, leaning a little more strongly toward Germany, while Great Britain declines.

Representative Mondell's Salt River Scheme is Approved by the Land Office.

WASHINGTON, D. C., Sept. 26.—(Special Telegram)—Instructions have been issued to the Wyoming land officials that the relinquishing by the state of a tract of 130,000 acres of state land in the Salt River valley on the western border of Wyoming has been approved. The state will be permitted to select other lands of the amount in lieu of the tract relinquished. The object of the relinquishment is to enable settlers to take up the land in small tracts. The bill authorizing this relinquishment was introduced by Representative Mondell and passed during the last session of congress.

Coal Miners in Marquette Slopes Accept Part of Firm's Terms.

HAZLETON, Pa., Sept. 26.—The crisis at the mines of G. B. Markie & Co. has been reached. There were many expressions among the men today of dissatisfaction with some of the firm's answers to their demands. The principal grievance is the wage scale. They ask for only about half of what the United Mine Workers are demanding. Operations at the Marquette collieries were suspended today so that the employees could hold a meeting to discuss the firm's answer. The meeting was held in the forenoon and this afternoon the committee composed of employees of the several Marquette mines, with the exception of Ebenezer, which is completely tied up, made known to the firm the decision of the employees. They accept the firm's proposition in regard to the holding men from the slopes, acquiesce in the refusal to pay the arrears by the hour until further arbitration and arbitrate all other grievances except those relating to semi-monthly pay and the location of powder houses, which have been adjusted by the answer of Markie & Co.
